

Fidelity Bank named Top Place To Work by Boston Globe

Fidelity Bank was named one of the Top Places to Work 2011 in Massachusetts by the Boston Globe. We are the only bank in Central Massachusetts and one of only two employers in the region to make this year's list.

The Globe's research partner, WorkplaceDynamics, received 73,813 completed surveys from employers across Massachusetts. Each was asked to grade their organization's performance according to 24 statements, ranging from "New ideas are encouraged at this company" to "It's easy to tell my boss the truth." To compile the ranking, each employer was measured according to six factors: direction from leadership; execution by senior managers; responsiveness of managers to employee concerns and needs; formal training and other opportunities to learn and grow; work conditions; and pay and benefits.

At Fidelity Bank, we believe in helping our clients and employees get where they want to be - it's our LifeDesign difference and it is why we are so honored that our employees voted us one of Boston Globe's Top places to Work.
